

COVID-19 update

Hello,

As a valued stakeholder in Victoria's multicultural community, we are sending you important translated materials delivered by community ambassadors regarding **current coronavirus (COVID-19) restrictions and instructions on wearing a face covering.**

This community ambassador video [stakeholder pack \(available here\)](#) contains links to translated videos in 56 languages.

You can access in-language [staying safe during stage 4 restrictions videos here](#) and [face covering videos here](#), for your convenience and ease of sharing.

Access to translated information is particularly important for people who are isolated from friends, family and their usual support network and sometimes it's best to hear this information from people we trust. As a key stakeholder with important connections across Victoria's multicultural community, we ask for your support sharing the materials in this pack widely with your networks.

We readily welcome feedback on how we can improve these materials. Please reply to this email with any suggestions you may have.

Thank you for all of your efforts in this difficult time.

Kind regards

Loc Trinh & Jessica Billimoria
